

June 4, 2010

Dear Friends of Atlantis,

As we approach the start of summer, Atlantis prepares for one of our most anticipated annual events—a chance for our supporters to enjoy a fun-filled day of golf and contribute to a critical and worthy cause: education.

Your generosity over the years has supported the excellent, free education that Atlantis provides to students and families of Greater Fall River. Here are just a few highlights from last year's state standardized test:

In math, Atlantis ranked third in the state in the year-to-year achievement growth of 7th-grade students and twelfth in the state for 8th-grade students.

In English/Language Arts, Atlantis ranked eighth in the state in the year-to-year achievement growth of 8th-grade students.

We hope you will continue to support achievements like these by participating in our **9th Annual, "Chip in for Education" Golf Tournament** to be held on **Monday, August 2, 2010** at the **Fall River Country Club**.

If you have participated in our golf tournament before, we thank you for your generous support and ask you to consider increasing or matching that support this year. Your financial support as a sponsor, a player, or as a provider of our raffle and silent auction prizes is greatly needed and much appreciated.*

We know the toll our local and national economies have taken on everyone, but the most fundamental building block of a stronger economy is an educated citizenry. So in times like these, when your financial support is much sought-after, there are few causes worthier than ensuring that our young people are prepared to contribute to a stronger community.

Atlantis Charter School does that work. Our students are selected through a lottery that is open to all residents of Greater Fall River. We currently enroll 735 students, but we know that demand is much higher: our current waiting list stands at 450 students. The parents, faculty, administration, and Board of Trustees work together to provide an environment conducive to learning by stressing hard work, good teaching, and strong values.

Enclosed are the forms where you may indicate the manner in which you wish to support our children. Kindly expect a member of our development committee to follow up with you shortly.

If you have any questions, please don't hesitate to contact me at (508) 672-2181. We look forward to seeing you out on the links!

Sincerely,

Robert L. Beatty
Executive Director
